

AUSTERE

More Than Expected

ELEVATE YOUR EXPERIENCE

Made with today's most innovative technologies and materials for performance and durability, our cables are ideal for HD displays and the devices that connect to them.

Don't let sub-par cables limit your system's ability to deliver the peak performance you expect from your displays and devices. Always.

Austere III Series and V Series 1.5m and 2.5m HDMI cables are premium certified through HDMI.org. While Austere active 5.0m cables go through the same testing, HDMI.org does not offer certification for active cables. Austere VII Series 8K HDMI cables are pending the Ultra Certified Cable certification.
