Lowell™

LOWELL RACKS
A FRESH OPTION FOR AV

Already using STRONG?
Make room for Lowell.

01 AMERICAN-MADE RACK FAMILIES
LXR, LER, LGR and LWR racks are made in the USA using USA-certified steel.

02 OPTIONS FOR YOUR PROJECTS
Choose compact, enclosed, side-by-side or wall-mount rack formats to suit the job.

03 BUILD THE WHOLE SYSTEM
Source racks, cable management, power and connectivity through Future Ready Solutions.

STRONG (Snap One / ADI) VS LOWELL

Start with the rack type you already know - then compare the Lowell family that fits the job.

YOUR PROJECT	STRONG	CONSIDER LOWELL
Open-frame floor rack	**Custom Series** SR-CUSTOM	**LXR Series**
Enclosed floor-standing rack	**Signature Series** SR-AV-CAB	**LDR Series**
Preconfigured AV rack	**FS Series** SR-FS-SYSTEM	**LCDR Series**
Slide-out / rotating cabinet rack	**In-Cabinet Slide-Out** SR-CAB-SLIDE	**LPTR Series**
Swing-open wall rack	**Wall Mount System** SR-WMS	**LWR Series**

Application starting points—not one-for-one replacements. Sizes, load limits and included items differ. Check specific models.

What to check before you switch:

Equipment fit
Confirm usable depth, equipment weight, airflow and rear access.

Accessories
Review any Forward or Lever Lock requirements. Specialty parts may not transfer.

Complete cost
Compare the rack, accessories, freight and installation – not just the frame.

Try Lowell on your next project.

Send us your current rack model or equipment list.
Ask for a Lowell option and a complete project quote.
