

## Technical Specifications

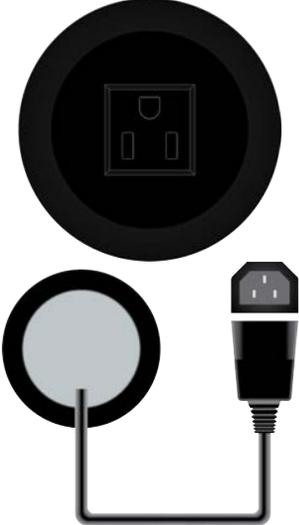

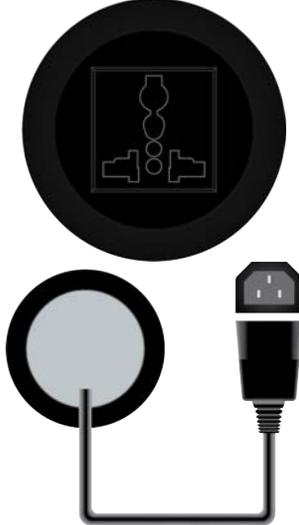

# TL-SMG-Pxx AC Pass-Through Table Inserts

Features at a Glance

- Power receptacle on table top
- Connection for power cord on bottom
- Fits 2.25" (57mm) table grommet hole
- Mounts securely to the table
- Separate models for US-style and International Universal-style

TL-SMG-Pxx table inserts are the perfect complement to any table-top environment. Initially designed to complement the other TL-SMG products, the clean, modern aesthetic and simple installation make these table inserts a go-to product.

Each unit includes an under-table mounting bracket that locks the insert securely to any flat surface.
